Re: Tap 50:50 Event Consultants

To Whom It May Concern:

Habitat for Humanity Saskatoon build safe, decent affordable houses for low-income working families in Saskatoon.

We are pleased to offer our support of Tap 50:50 Event Consultants. Habitat for Humanity Saskatoon partnered with Tap 50:50 for a 3 day 50/50 raffle for Rock the River at the Delta Bessborough this year. Chris and Sean were amazing to work with and we appreciated all of the help, guidance, and support that we received from them from the beginning of the process to the end. They were incredibly helpful and knowledgeable in applying for our lottery license through SLGA and were available every step of the way. They were both present and wonderful to work with at the event and provided us with all of the information we required at the conclusion of the event. The event was incredibly successful and I believe that a large part of that is due to the Tap 50:50 system, it was user friendly and simplified the entire process.

We look forward to working with Tap 50:50 in the future. .

Sincerely,

A handwritten signature in black ink that reads "Shannon Durand". The signature is fluid and cursive, with a large initial "S" and "D".
