To Whom It May Concern:

Northern Ohio Golf Charities is pleased to recommend Tap 50:50 Event Consultants Ltd.

Sean O'Hagen and his staff were extremely communicative prior to, during and after our event. They provided valuable insights and suggestions over the course of our event. The equipment provided was excellent and easy to work with. The onsite staff worked diligently to ensure a timely 50/50 drawing and announcement of the winner. Tap 50:50 was also proactive with our state to be sure our organization met the legal requirements concerning gaming laws.

All phases of the contract were performed with professionalism and accuracy.

It was a pleasure working with Sean and his team.

Sincerely,

Barb Cassell
President
