Re: Letter of Reference for Tap5050.com
From: Stacey Cattell
Chief Operating Officer
Regina Pats Hockey Club

On behalf of the Regina Pats Hockey Club and the Board of Directors of the Regina Pats Community Foundation, I am pleased to provide this reference for our 50-50 program partner Tap5050.com.

The 2018/2019 was the first season that the Regina Pats Community Foundation took over ownership and operation of the 50-50 program at Regina Pats Home Games. Through the summer of 2018, the Foundation and Club conducted research and collected proposal seeking a partner for our new program. As a part of this effort we evaluated costs, ease of operation and technical support that each 50-50 system provider available to us in Canada could provide. Tap505.com was found to be a leader in system and software design as well as customer support and commitment to getting our program up and running in a short period of time. Their performance with full online and in person support was outstanding.

As the season progressed, the team at Tap505.com were in constant contact with our coordinators solving problems, providing advice and continually upgrading the system. We had a very successful year and I am confident the results our volunteers generated was greatly influenced by their products and customer support.

We are very pleased with this partnership and recommend them as a high-quality service provider for any organization 50/50 Needs.

Yours truly,

Stacey Cattell
